Go-Getters

*A community of friendship
for people recovering from
severe mental illness.*

Go-Getters

716 N. Division Street
Salisbury, MD 21801

Who we are...

Go-Getters, Inc is a community of friendship providing sanctuary and support to adults recovering from severe mental illness.

Go-Getters, a psychiatric rehabilitation program, supports its members to live, work, and play in the larger community of Somerset, Wicomico, and Worcester counties.

Why we are here...

There are too few options for people recovering from severe mental illness. So many people with potential have so little support. We at Go-Getters find this to be unacceptable. With day programs, outreach teams, supported housing, and community training, we provide crucial support for those in the community who might otherwise be alone.

What we do...

Throughout the three counties of Somerset, Wicomico, and Worcester we provide rehabilitation services to our members recovering from severe mental illness.

- ◆ Day Programs run classes on daily living skills, support groups, vocational preparation and opportunities, arts and crafts. We provide lunch, snacks, and assist with transportation throughout the three counties.
- ◆ Outreach Teams offer support and friendship to members in the community who might otherwise be isolated or neglected. Advocates assist with the daily demands of life and welcome people back in to the larger community, providing services at home, worksite, or another location chosen by the member:
 - medication monitoring
 - money management
 - acquiring and maintaining entitlements
 - gaining and maintaining employment
 - connecting to community resources
 - interpersonal and family problems
 - maintaining good mental health
 - acquiring and maintaining housing
- ◆ Residential Services provide housing and shelter in all three counties. We offer intensive and general housing, and with support and guidance our members are able to learn skills to help them move into independent living.
- ◆ Crisis services at Beacon Place help prevent hospitalization to people in crisis. Crisis and respite care for psychiatric emergencies are open to the community at large.

- ◆ Friendship Network offers services to elderly members such as socialization, medication monitoring, transportation, day activities, budgeting, and more.
- ◆ Peer Connection offers services to adults in recovery from substance abuse and mental illness.

Contact us...

People recovering from mental illness by necessity must cope and struggle each day, often alone. There is much potential for rehabilitation, self-sufficiency, and independence for so many who need encouragement and friendship. For this need there is Go-Getters:

A Community of Friendship
